OUR COUNTRY: First, Last and Forever.

Our Democratic friends are still fighting over the election of a minority Commissioner.

Loyal and consistent Democrats, and there are thousands of them in this county, must blush for their party and the reputation the present leaders (the deserters of '95) are making for it.

The New York state Democracy, in declaring for Bryan, has settled two important questions. The first is that no power can defeat Bryan's nomination. The second, and more important, is that New York is good for 50,000 Republican majority in 1900.

The "equality howlers" deny that the country is having better times—so much for a partisan view. The big houses of Bradstreet and Dun & Co. assert that the volume of business now in progress has never been rivaled—so much for a commercial view.

L.K.'s see! Were not the present deputies in the District Attorney's office implicated in the Benj. Cummings hold-up, and which resulted in the latter tendering his resignation after being elected to the office by over 5,000 majority? And didn't Joe Niehter, the Democratic candidate for Recorder, have a hand in the pie?

W. S. LEIB, the Republican candidate for Prothonotary, is a most fortunate individual. Besides being popular himself, he has the weakest candidate against him. Mr. Leib is liberal in his views; but, dear reader, did you ever hear of Mr. Carey, the Democratic candidate, giving a complimentary vote to Republicans? Then how can he expect compliments.

CHAIRMAN NOONAN and his little band, from information that is reliable, concede privately that the Democrats will elect but two candidates on their ticket. The Democratic chairman is too sanguine. Our friends the enemy will be lucky if they elect a minority Commissioner—Opie and Brennan may poll an equal number of votes as the minority member of the Board.

MIKE McLAUGHLIN, the present chief deputy in the District Attorney's office, who has held the position of deputy for seven years, should explain to the voters why the Taxpayer's Association has held up the salaries in that office since last May. Isn't this extravagant expenditure of the people's money, and would McLaughlin inaugurate a reform, much needed, as the county's prosecuting attorney? These are questions that each voter should consider dispassionately before voting for the Democratic nominee.

EX-SPEAKER THOMAS B. REED was in Washington the other day, and as was to be expected newspaper correspondents called upon him to pay their respects. Speaking of Reed's political future, Correspondent Stirit, of the Galveston News, says that "the often-expressed belief that Reed may be a possibility as a Republican presidential candidate from New York next year ought to give way to the certainly more reasonable supposition, and this is no dream, that the old radical czar is likely to make his next political debut as a Democrat. This may come within a year. The free silver question once out of the

THE PRESIDENT AT MILWAUKEE.

The First Visit of a Chief Magistrate in a Decade. Milwaukee, Oct. 17.—The special train bearing President McKinley and party arrived in this city from the trip through Iowa and part of Wisconsin over the Chicago and North Western railway at 7 o'clock last evening. It was the first visit to Milwaukee of a chief magistrate of the nation in a decade, and the greeting here from many thousands of people was most enthusiastic. As the train entered the depot Battery A, First Artillery, W. N. G., fired the president's salute of 21 guns from Junco Park, which faces the lake, and within a few yards from the depot. With the battery's salute as a cue every steamboat whistle and everything else that could make a noise joined in the greeting.

The president and his party were immediately escorted to the reception committee and driven to the Hotel Pfister, preceded by a military escort. After an hour's rest the presidential party re-entered the carriage and were driven to the Deutscher club, where a public reception lasting an hour was held. The grounds about the Deutscher club were beautifully illuminated, and thronged with many thousands of people. During the limited time, it is estimated, the president shook hands with 3,000 people. Following the public reception the party returned to the Hotel Pfister to participate in a banquet.

ASTOR BATTERY FOR KRUGER.

A Report That Forty of the Men Have Already Enlisted.

Chicago, Oct. 17.—The Post says an effort is being made to reorganize the Astor battery of New York, which was tendered to this government by John Jacob Astor at the breaking out of the Spanish-American war and served 11 months in the Philippines, and offer it to President Kruger for service against the British. It is said that 40 of the men have already enlisted for the expedition. They will leave the United States as individuals and rendezvous in Canada, in order to evade the neutrality laws. This information comes in a letter to Enyart Hooven, of Hamilton, O., who is visiting in Chicago. Mr. Hooven is son of J. C. Hooven, a manufacturer of Hamilton, O., and was held in high esteem by his comrades during the battery's service in the Philippines.

DO IT YOURSELF.

It is easy to tell whether your kidneys are diseased. Take a bottle of glass tumbler and fill it with urine. If there is a sediment—a powder-like substance—after standing a day and night, there is something wrong with the kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen. There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and Chronic Constipation. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night. It puts an end to that scalding pain when passing urine and corrects the bad effects of whiskey and beer. It is sold for one dollar a bottle at all drug stores.

Send your full post office address to the DR. DAVID KENNEDY CORPORATION, Bondville, N. Y., and mention this paper. They will mail you a trial bottle of Favorite Remedy and a valuable medical pamphlet free, giving full directions for its use. Every reader of this paper can depend upon the genuineness of this liberal offer, and all sufferers from all diseases mentioned above should take advantage of it at once.

Stephens, who had been very strict with the negroes while he was marshal.
